For doctoral students enrolled in the international curriculum it is mandatory to spend a minimum of 3 months at a foreign institution.

The awardee of the INPS scholarship will do research on climate risks for the labour market and for work careers. The student must spend a 12 month training period at INPS, in addition to the 3-month stay at a foreign institution.

The doctoral student enrolled in the industrial curriculum will do research on the topics of the project submitted with the application. The period abroad is not compulsory in this case.

Coordinator	Prof. Alessandro Sapio
Area coordinators	Prof. Monica Pia Cecilia Paiella (Economics), Prof. Stefano Coronella (Management and Accounting)
Participation requirements	<p>Mandatory academic qualifications:</p> <ul style="list-style-type: none"> -<i>laurea specialistica</i> or <i>laurea magistrale</i> (according to D.M. 509/1999 and subsequent amendments and addenda); -<i>laurea</i> or <i>diploma di laurea</i> (according to previous laws, with a duration of 4 or more years); -equivalent degree awarded by foreign universities. <p>The qualifying degree must be attained not later than 31 October 2020.</p> <p>In addition, the applicants for the scholarship funded by INPS (Bando Dottorati di Ricerca 2019-2020) must be children or orphans of retirees with pensions by <i>Gestione dipendenti pubblici INPS</i> or of employees contributing to <i>Gestione unitaria delle prestazioni creditizie e sociali INPS</i>.</p>
Assessment of curriculum	<p>Publications: max 10 points</p> <p>MSc or MBA degree: max 15 points</p> <p>Previous research experience: max 15 points</p>
Written exam	None.
Interview	<p>Interviews will be held on 22 September 2020.</p> <p>Applications will be ranked based on</p>

the curriculum vitae (max 40/100 points) and on an interview (max 60/100 points).

The minimum score to pass the interview is 35/60. During the interview candidates will have to express their preference for the specialization in either Economics or Management and Accounting. English language proficiency must also be proven.

The interview will focus on the following topics: Microeconomics, Macroeconomics for candidates with a preference for the Economics specialization; Accounting and Human Resources Management for candidates with a preference for the Management and Accounting specialization.

For applicants living outside of Italy, the interview can be a conference call.

The evaluation committee reserves the right to hold all interviews in conference call in relation to the Covid-19 emergency, giving adequate notice to the candidates.

Foreigners and applicants with a foreign university degree can do the interview in English.

For each applicant, the overall score (max 100 points) will result from the sum of two scores: one based on the evaluation of the curriculum vitae, the other based on the interview. The final ranking will be compiled accordingly.
